GenesisBPS is now part of GSI Group Holdings

The same team, the same dependable products - now with expanded resources and support

Dear GenesisBPS Customer,

We are pleased to inform you that GenesisBPS has joined GSI Group Holdings, a U.S.-based holding company of leading laboratory consumables and benchtop equipment brands. GenesisBPS represents excellence, quality, and especially consistency in a world of ever-changing requirements for the collection, processing, and safe storage of blood and blood-related products. As a premier provider of blood processing, plasma and cell therapy processing instruments, GenesisBPS can continue to meet our client needs worldwide with a broader reach, expanded resources and strengthened partnerships. We are excited about this new development and the opportunity to continue to serve you now, and into the future.

About GSI Group Holdings:

GSI Group is a U.S.-based leader in laboratory consumables and benchtop equipment, serving thousands of organizations across life sciences, research, academia, and industry. With operations spanning the U.S., Europe, and Asia, GSI Group's platform ensures consistent supply, global reach, and award-winning customer service.

What this means for our customers:

- **No change today:** Same ordering process, same customer service and technical support contacts, and all existing warranties remain in place.
- **Looking to the future:**
 - Stronger supply chain and product availability backed by GSI Groups global distribution.
 - Access to a broader range of lab consumables and benchtop equipment across the GSI Group of companies.
 - Continued commitment to delivering reliable products and responsive support for your product requirements and critical workflows.

GenesisBPS is positioned at the forefront of what we can do and at the leading edge of what we will do, providing ideas, solutions, and innovation to the world. Our portfolio is both expansive and expanding, continuing to meet the needs of a diverse, worldwide collection of laboratories, research facilities, blood banks, hospitals, and more.

If you have any questions, our team is here to help! Please contact us anytime at info@genesibps.com or call us at 201-708-1400. You can also visit our website GenesisBPS.com to see all of our products, and learn more about this exciting development.

We look forward to continuing to serve you and thank you for choosing GenesisBPS.

Sincerely,

Philip Herman
Vice President, Global Sales and Marketing
